Hamid Nawaz

Full Stack Developer | HTML/CSS/JS Expert | Bootstrap Ninja |
Proficient in Next.js, Prisma, React, Node.js | Socket.io Enthusiast
Islamabad, Islāmābād, Pakistan

Summary

Hello! I'm Hamid Nawaz, a Full-Stack Developer with extensive expertise in HTML, CSS, JavaScript, React.js, Node.js, Express.js, and MongoDB. With a passion for crafting exceptional web experiences, I specialize in developing, deploying, and maintaining modern web applications that seamlessly blend stunning front-end design with powerful back-end functionality.

My journey in web development began with a deep-rooted curiosity and a commitment to staying ahead of industry trends. Over the years, I've cultivated a diverse skill set that allows me to tackle a wide range of challenges, from building responsive layouts to optimizing database performance.

As a detail-oriented developer, I take pride in my ability to create intuitive user interfaces that captivate and engage audiences. Leveraging the latest tools and technologies, I ensure that every project I undertake is not only visually appealing but also highly functional and scalable.

In addition to my technical skills, I bring a collaborative spirit and a strong sense of ownership to every team I work with. Whether collaborating with designers to bring wireframes to life or collaborating with backend engineers to optimize API endpoints, I thrive in environments where innovation and teamwork are valued.

Driven by a desire to continuously improve, I stay abreast of emerging technologies and best practices in web development. By staying ahead of the curve, I'm able to offer my clients and colleagues innovative solutions that push the boundaries of what's possible in the digital realm.

In summary, I'm a dedicated Full-Stack Developer with a proven track record of delivering results. Whether you're looking to revamp

your website, launch a new web application, or optimize your existing infrastructure, I have the skills and expertise to help you achieve your goals. Let's connect and discuss how I can contribute to your success in the ever-evolving world of web development.

Experience

Codezac

Web Developer

June 2023 - Present (9 months)

Islamabad, Islāmābād, Pakistan

I am currently working as a Web App Developer at CodeZac since June 2023. As a Full Stack Developer, I specialize in crafting dynamic web applications using modern technologies like Next.js, Prisma, and React. I've had the pleasure of building numerous engaging projects that demonstrate my proficiency in both frontend and backend development. Whether it's implementing real-time communication with Socket.io or ensuring seamless data management with Node.js and Prisma, I'm dedicated to delivering user-centric solutions. Let's connect and discuss how I can bring value to your projects with my skills and experience!

Education

Asian technical college

High School Diploma, Web Page, Digital/Multimedia and Information Resources Design
